KENNEDY SPACE CENTER TOURS

See Yesterday, Today and Tomorrow at Kennedy Space Center.

Take the exciting bus tour operating continuously throughout the day from the Visitors Center. See the all new Space Shuttle display and Launch Complex 39 where the Space Shuttle Columbia is being prepared for flight. See where the shuttle will be launched and will land. View the giant Saturn V rocket that boosted our Apollo Astronauts to the moon. **Free** space movies, space exhibits and space science demonstrations. See actual manned vehicles that have returned from outer space and a real moon rock! There's a unique carousel cafeteria for your convenience. Kennedy Space Center Tours . . . yesterday, today and tomorrow!

Be sure to bring your camera and picture yourself in space.

The Visitors Center is open at 8 a.m. every day except Christmas Day.
